## 1/ Introduction:

The Global Anti Goal is an innovative, Premium full sized Polo Goal (SNR and JNR Models), suitable for training and competition. The Global Anti Goal has quickly become a world favourite since its release in mid 2021, shipped to over 40 countries around the world by Direct Air Courier ex Australia.

Each component and fitting has been carefully selected and tested for maximum durability and longevity, even under the most severe player and environmental conditions.

The Global Anti Goal blends cutting edge materials and production with innovative design, resulting in a light weight, heavy duty, compact, full sized Polo Goal that meets the needs of all Clubs and Facilities around the world.

Designed and produced in Australia.

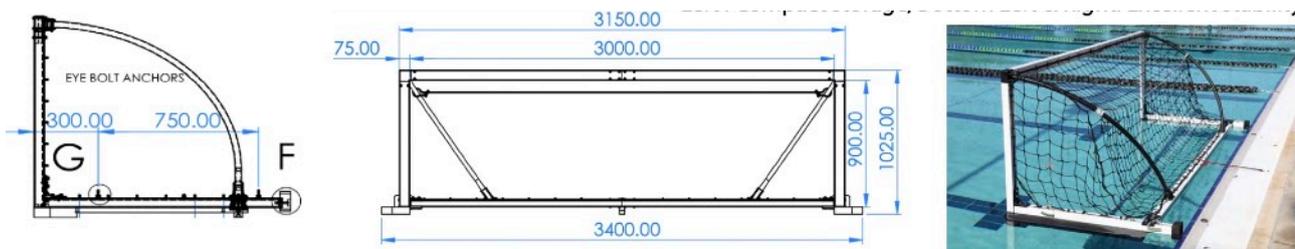

### Product Specifications:

- Fabricated from custom marine grade powder coated Aluminium with HD Marine Nylon & SS316 fittings.
- Easily foldable for compact and safe poolside storage.
- Includes Long-Life HD polypropylene cord net. Marine Nylon Net Clips ensure simple and secure Net Installation.
- Soft Durable Pool Edge bumpers on rear of frame prevent damage to expensive pool edge and tiles.
- Durable oversized HD PE Flotation elements ensure stability during use, foam elements rest on the pool concourse, preventing damage to pool edge and tiles.
- Open corner net configuration reduces ball rebound.
- Durable, light weight, heavy duty design and construction allowing safe and easy 1 or 2 person pool deck movement.
- Comprehensive list of spare parts available. All parts designed and produced in Australia.
- Official Polo Goals of USA Water Polo

## 2/ Global Anti Goal Models and Dimensions by Anti Wave:

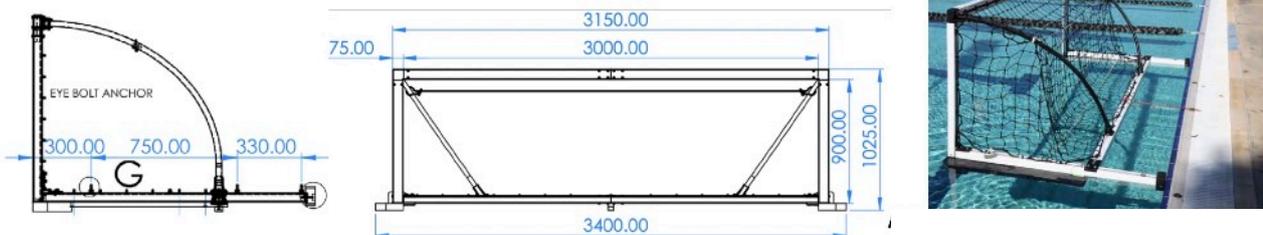

### AWE392 1.2m SNR Global Anti Goal Model:

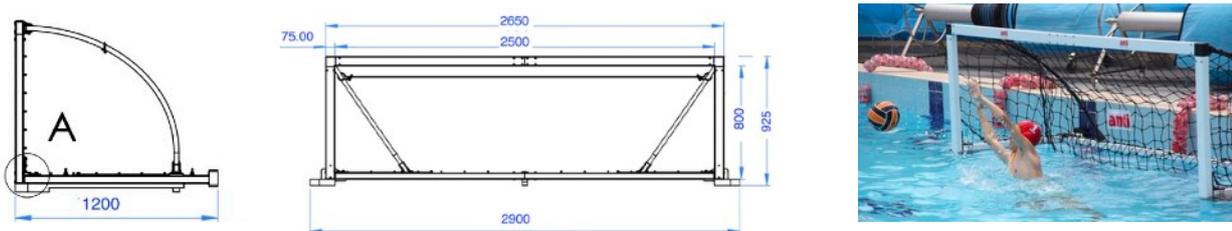

### AWE394 1.4m SNR FINA Global Anti Goal Model:

#### AWE394 1.4m Global Anti Goal (FINA Compliant Anchors)

### AWE390 JNR Global Anti Goal Model:

### 3/ Assembly Instructions:

Please Refer to the separate Assembly Instructions Pdf for detailed assembly instructions for each specific model. A hard copy of Assembly Instructions are supplied in the cartons with each order. Please contact us if a Pdf electronic copy is needed.

#### IMPORTANT NOTE REGARDING NET INSTALLATION:

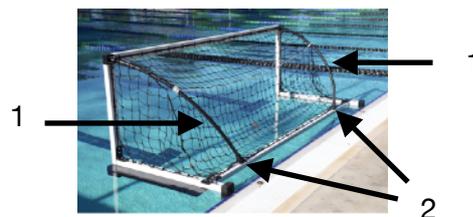

When installing the net to the Goals it is very important that the installation instructions are followed exactly.

Incorrect installation of the Net to the Goal will result in damage to the Rear Bow Holders, as well as the Front frame bow connectors. This will not be covered under warranty.

### 4/ Preparing the Goals for use:

To prepare the goals for use from the folded position, take the two Plastic Bows (1 below) and bend them into place so that the ends fit inside the rear bow holders on the rear of the Goal (2 below). Ensure that the rear plastic Bows (1) are securely fitted inside the Rear Bow holders (2) before using.

To fold the Goal, remove the two rear Plastic Bows (1) from the rear bow holders (2) and gently fold the Front Frame down onto the rear goal frame. The Goal is then ready for storage. Goals may be stored hanging up vertically on hooks, as shown below.

### 5/ Prevention and Maintenance:

Equipment installed in an aquatic complex, often sealed with a high moisture level, require special attention in regards to their maintenance. Likewise, equipment installed on the Pool deck in outdoor pool environments can be subject to harsh conditions.

We recommend to store the Goals securely away from the pool deck when not in use, such as inside a securely closed Poolside storage room.

Goals should not be stored inside pool chemical and or pump rooms, where they are subject to harsh chemicals and environmental conditions. Goals will not be covered under warranty if stored in these conditions.

## **5/ Prevention and Maintenance (Continued):**

It is important to establish a maintenance program to avoid deterioration of the Goals and all parts. Dirt, grease and deposit left by users or by contaminated water must be removed from the Goals by periodic cleaning with fresh water, do not use pool water.

Basic cleaning of the Goal surfaces should be carried out regularly, preferably every week, using clean fresh water. A mild organic based detergent may also be used if required, ensuring that all residue is cleaned off afterwards with fresh water.

A full catalogue of replacement parts is available for the Goals, if you require any spare parts please contact your Local Authorised Reseller.

If your equipment shows signs of significant dirt deposits these need to be removed, and a thorough clean with fresh water should be sufficient to achieve this task.

## **6/ Customer Maintenance Notes and Records:**

## 7/ Warranty Information:

Thank you for your purchase of quality and authentic Anti Wave equipment for your facility or pool. Anti Wave warrants this product to be free of defects in material and workmanship under normal use, water chemistry, and service as follows one (1) year warranty on the product from the date of receipt of the items by the customer.

- The manufacturer's liability for such warranty, including any consequential loss which a customer may suffer, shall be limited to the repair or replacement of the product by the manufacturer or the manufacturer's agent or representative.
- This warranty shall not apply to any product which has been subject to misuse, alteration, addition, substitution, malicious damage, abuse, accident, neglect or damage caused by the use of the customer of any defective or faulty accessory product, or to damage caused by civil insurrection, fire storm water, tempest or other extreme environmental factors.

Product receipt as proof of purchase must be retained by the customer and presented to Anti Wave International Pty Ltd upon request in order to claim this warranty, along with warranty claim details.

To the extent allowed by law, the customer releases Anti Wave Global Pty Ltd from all liability for any and all damages, of any kind or nature, in respect of personal injury or death or damage or loss of property of any person, including the customer, whether arising wholly or in part from the customer's acts, omissions, negligence, breach of duty, breach of contract, breach of this warranty or otherwise, and the entire risk arising out of the use of the Anti Wave products remains with the customer.
