

SPILL PALLET BUND - 2 DRUM

Spill Pallets are portable and are used for the storage of hazardous liquids.

Suitable for holding 2 x 205 ltr drums

Made from virgin resin, the banded spill pallet does not contain any recycled content that can reduce strength and chemical resistance. It is however 100% recyclable. Has excellent broadband chemical resistance. Use with a forklift or Euro pallet jack when loaded.

Removable non-slip grates makes for easy cleaning. A raised lip helps to keep your load secure.

Meets EPA requirements.

Material: 100% Virgin Resin Polyethylene

Dimensions: 1220 x 820 x 330 mm (L x W x H)

Sump: 230 Litres

Weight: 23 kgs

Load: (UDL) 650 kg

Code: PTANKSP03
